

THE MAYBERRY METHOD: "DON'T BARNY FIVE HOUR WAY THROUGH LIFE"

Testimonials

"Rik delivered his Mayberry Method speech at The Mississippi Engineering Society state meeting. It was delightful, funny and in-depth all at the same time! I earned many brownie points for finding him – and our members are still talking about how much they enjoyed his presentation months later. An awesome job!"

Joce Pritchett | Pritchett Plans | Jackson, MS

"Rik's presentation was entertaining and contained good ideas and suggestions on improving daily performance. The feedback from all attendees was extremely positive. Rik was the hit of the day!"

Cindy English | Gregory & Appel Insurance | Indianapolis, IN

"Georgia Association of State Facility Administrators (GASFA) takes pride in providing excellent conferences with significant and relevant content for its members. When Barney Fife (Rik Roberts) walked in the auditorium blowing his whistle and telling everyone to "keep calm" in that familiar high, nasal voice, there was an instant excitement in the room. With his nostalgic persona and spot-on, humorous motivational speech "Don't Barney Fife your Way through Life" Rik added a spark to our conference that was exactly what we hoped for."

Jon Paget | GASFA | Atlanta, GA

"Rik was truly entertaining. He made sure his presentation was personal to our group and everyone had a good time. I would recommend Rik at your gathering."

Debra Meyer | USDA | Salt Lake City, UT
